

How to Make Your Bathroom Look Like a Showroom

At Highlands Glass & Shower we understand your need to find a shower enclosure that is **efficient, adds beauty** to the bathroom, and is a **worthwhile investment**. The frameless European designs are simply beautiful. **When you see it, you'll want it**. Using $\frac{3}{8}$ " frameless glass we can make it even more beautiful for you using a variety of one-of-a-kind glass including customized etching and unique art glass, in addition to the simple beauty of clear glass.

With Highlands Glass & Shower, we **custom fit** every piece to ensure that the fit is snug. With frameless designs, measuring is critical to avoid water leaks. We're so exact with our fittings that we recommend using the frameless designs in steam showers, too. There are no gaps, so there is minimal water leakage and no moldy vinyl strips to take away from the natural beauty of the European frameless design.

John Warnock, owner and *glazing specialist*, has 25 years of experience in the Vail Valley. John is involved in all aspects of each project, often doing the work himself. This commitment to customer service guarantees quality work and timely delivery. While important, they aren't the only benefits you'll get when you buy glass and mirror solutions from us. You'll also benefit from:

- **Personal, full service—we'll listen** to your needs and then provide ideas and solutions
- John's focus on **symmetry and balance**—your design will look natural and pleasing to the eye
- **Wide variety of products, styles, and finishes**—you can customize your selection
 - $\frac{3}{8}$ " and $\frac{1}{2}$ " thick European frameless shower enclosures
 - Architectural glass & mirrors
 - Textured glass
 - Safety glass
 - Insulated glass
 - Decorative cabinet glass
 - Store fronts
 - Window and screen replacement
 - Shower glass—framed and frameless
 - Custom design
 - Etched designs available
- **Timely service**—we won't keep you waiting like other companies do
- **Satisfaction guaranteed**—we stand behind our workmanship and products 100%. We've taken all the risk out of it. Stop by our showroom or call us today.

****Include a satisfied customer's testimonial here**(either commercial or residential or one of each)****
